(i.e. Public Facilities)"

SOPHIE MICHAELS, TRANS SPEAKER/TRAINER
MICHAEL CLARK, CPRP, EXECUTIVE DIRECTOR, PALATINE PARK DISTRICT

Access to public facilities (and the societal priority for diverse, inclusive, and equitable rights of all individuals) has initiated public facility operators to be sensitive and prepared for an all-inclusive culture including transgender populations. This session will cover current procedures, protocols, best practices, and policies necessary to be an all-inclusive operation including transgender employees as well. Attendees will also hear from a transgender panelist who will share their life experiences, insight and terminology, and their perspectives (on transgender issues) of how diverse populations should be treated to ensure the same accessible experiences as any other individuals in a public setting.
